

Coalgate Saleyards Operating rules 23 January 2022

We are now limited to 100 people onsite under the Red Traffic light setting. Please only attend if you are a buyer, we ask that vendors and spectators stay away until such time as we reach Orange again.

Orange and Red Traffic light settings – per Government law and MPI guidance:

The Government have determined that auctions are ‘events’ (rather than workplaces or gatherings), and this has a material effect on how they must operate.

Livestock auctions (saleyard or farm) must utilise the vaccination pass system – any attendee who does not have a scanned valid vaccination passport (i.e., “My Vaccine Pass”), along with appropriate ID will not be able to enter the saleyard facility.

Without this approach, livestock auctions at The Coalgate Saleyards cannot operate at red or orange traffic light settings.

We appreciate your cooperation and patience as we move into another phase.
